

Corporate Governance Statement 2016

Biohit Oyj has prepared this Corporate Governance Statement on the basis of Section 54 of the Finnish Corporate Governance Code for listed companies issued by the Securities Market Association.

The Corporate Governance Statement has been issued separately from the Report of Biohit Oyj's Board of Directors. The Board of Directors reviewed the Statement in its meeting on 15 February 2017.

The Report of the Board of Directors, the Auditor's Report and the full Corporate Governance Statement are available at www.biohithealthcare.com/investors.

RULES OBSERVED BY BIOHIT

Biohit Oyj is a Finnish public limited company whose series B shares are listed on Nasdaq Helsinki in the Small cap/Healthcare group. Biohit Group (hereinafter referred to as "Biohit") comprises the parent company, Biohit Oyj, and its foreign subsidiaries, which primarily focus on sales and marketing for Biohit Oyj's products. Biohit is headquartered in Helsinki.

Biohit's governance complies with applicable legislation, standards and recommendations concerning public listed companies, the regulations of Nasdaq Helsinki Ltd, and Biohit Oyj's Articles of Association. Biohit Oyj complies with the Finnish Corporate Governance Code ("corporate governance code") for listed companies, which was approved by the Securities Market Association in June 2010 and entered into force on 1 October 2010. Since the beginning of 2016, the company has complied with the new governance code, which was approved by the Securities Market

Association in October 2015 and entered into force on 1 January 2016. The Corporate Governance Code is available at www.cgfinland.fi.

Half of the members of the six-person Board of Directors are independent of the company, so the company does not fulfil recommendation number 10 on this part where by the majority of the members of the Board of Directors must be independent of the company. The company strives to comply with high international standards of corporate governance and the key principles of corporate governance among Finnish listed companies.

BIOHIT'S ADMINISTRATIVE BODIES IN 2016

The highest decision-making power at Biohit is exercised by the company's shareholders at the Annual General Meeting. The company's Board of Directors supervises the administration and organisation of the company and the Group's earnings trends. The President & CEO is responsible for operative management and he is assisted by the Management Team.

Annual General Meeting

In 2016, Biohit Oyj held its Annual General Meeting on 25 April 2016 in Helsinki. 2,803,510 series A shares and 4,736,608 series B shares were represented at the meeting, corresponding to 51.29844 per cent of all of the shares in the company and 85.36322 per cent of the votes. The meeting was attended by five of the six members of the Board of Directors, the President & CEO and the principal auditor.

Board of Directors

The Board of Directors, which comprises 5–7 members elected by the Annual General Meeting, is responsible for the administration and appropriate organisation of Biohit's business operations. Proposals concerning membership of the Board of Directors are prepared by the Board of Directors. The Board of Directors elects a chairman from amongst its members.

Board members' terms of office run from the date of their election by the AGM until the end of the next AGM.

The Board's areas of responsibility are stated in the written rules of procedure approved by the Board. They are as follows:

- Increasing shareholder value
- Ensuring the appropriate organisation of accounting and financial management
- Approving Biohit Oyj's financial statements, consolidated financial statements and the Report of the Board of Directors for the most recent financial period
- Approving the biannual review of operations annually for the period ending at the end of June
- Deciding on Biohit's business plan, budget and investment plan
- Deciding on Biohit's financing and risk management policies
- Approving the remuneration and incentive schemes for senior managers
- Appointing the President & CEO
- Deciding on Biohit's strategy, organisational structure, investments and other wide-reaching and significant issues

The Board's decision-making is based on reports prepared by the company's operative management on the operational development of the Group and its business units.

The Chairman is responsible for convening Board meetings and arranging the work of the Board. The Board convenes 7–12 times per year, usually meeting once per month or once every two months, and the meeting schedule for the entire term is confirmed in advance. When necessary, Board meetings are held more frequently or by teleconference. Biohit Oyj's Board of Directors convened 7 times in 2016 (10 times in 2015). The average attendance was 100 per cent (100 per cent).

Salaries paid to other Management Team members totalled EUR 559,016 (EUR 492,000 in 2015).

MAIN CHARACTERISTICS OF INTERNAL CONTROL OF THE FINANCIAL REPORTING PROCESS AND RISK MANAGEMENT

Biohit's internal control is responsible for ensuring that the Group carries out its business operations within the framework of current regulations and legislation and in accordance with the instructions of the Board of Directors. Internal control seeks to ensure that the Group operates with maximum efficiency and that efforts are made at various levels of the organisation to achieve the objectives set in the strategy approved by the Board of Directors. Risk management is geared towards supporting the achievement of these objectives by anticipating and managing business-related risks.

Control environment

Biohit's business operations and administration aim to realise the company's values, of which the most important is to promote health and wellbeing through innovation. Biohit will continue to focus on its diagnostics business, in which the company conducts global operations in manufacturing, sales and marketing.

Biohit's control environment is defined by the Board of Directors, which, as the highest administrative body, is responsible for organising internal control. The President & CEO is responsible for maintaining the efficiency of the control environment and the functionality of internal control. Biohit's financial department is responsible for the functionality of financial reporting as well as the interpretation and application of financial statement standards in line with the separately approved instructions.

Risk assessment

In the assessment of risks related to financial reporting, Biohit's objective is to identify the major risks associated with the Group's business operations and environment. The cost-effective management and monitoring of these risks will then ensure that the company's strategic and operational targets can be reached as intended.

The Board of Directors carries the main responsibility for risk assessment and monitoring the implementation of risk management. The President & CEO works with the parent company's operative management and subsidiaries' managers to ensure that the Group's risk management is duly arranged. The parent company's operative management is responsible for identifying and managing the risks involved within each business area, while the subsidiaries' Management Teams are

responsible for those in their own market areas.

Risk management is one of the areas covered by Biohit's internal control processes, which regularly monitor the risks associated with the company's business operations, identify any changes and, if necessary, take appropriate action to hedge against them. Risk management focuses on ensuring the continuity of business operations and preventing financial misconduct.

Control measures

Internal control measures are integrated into the Group's general business management and reporting process. The subsidiaries report to Group Management on business and earnings trends and the most significant deviations on a monthly and quarterly basis. The Group's Management Team reports to the Board of Directors on the overall development of business; these two bodies, together with the President & CEO, decide on overall corporate strategies and procedures guiding the operations of the Group.

The subsidiaries' Boards follow business developments and ensure that the parent company's approved instructions and guidelines are followed. As a rule, the Boards of Directors of the subsidiaries meet monthly. Board work in the subsidiaries is based on financial reports and the written monthly and annual reports drawn up by subsidiary management.

Biohit's business control is carried out in accordance with the management system described above. The company provides the reporting systems necessary for business and financial management. The financial department of the parent company provides instructions for drawing up annual and interim financial statements and prepares the consolidated financial statements.

The parent company's finance department retains central control of funding and administrative matters within the framework of the instructions provided by the Board of Directors and the President & CEO, and is also responsible for the management of interest and exchange rate risks. The Managing Directors of the subsidiaries ensure that the subsidiaries' reporting is carried out in accordance with the instructions given by the Group's Management Team.

The parent company's administration department controls and provides instructions on Group-level personnel policies and any agreements made within the Group.

Disclosure policy

Biohit aims to provide all of its stakeholders with information about the company's operations in a proactive, consistent and timely manner. The company seeks to take the special requirements and interests of all its stakeholders into account in its communications in order to increase confidence in the company and thereby promote its business operations. Biohit's Board of Directors has approved an information release policy with a view to ensuring the accuracy and reliability of any information released. The policy also specifies who is responsible for communications in different situations.

Biohit's financial department regularly provides information on processes related to financial administration reporting. This ensures the real-time availability of data, which is a prerequisite for efficient internal control. Financial administration guidelines and the company's information release policy aim to ensure the promptness and comprehensiveness of communications and the release of information required for internal control purposes.

Monitoring

The efficiency of internal controls on financial reporting is overseen by the Board of Directors, the President & CEO, Management Team members, and the Managing Directors of subsidiaries. Control focuses on following weekly and monthly financial reports and forecasts, and analysing any deviations from business plans. Monitoring is performed at all Board and Management Team meetings where reports are reviewed. It is supported by regular contact between Group Management and the company's auditor, and analysis of any deviations, which occurs at least once per quarter.

The audit frameworks for the Group's subsidiaries and key audit areas are jointly defined by the Group's financial management and the chief auditor. Biohit has not appointed a separately organised function for internal auditing purposes. The Group's financial management holds the primary responsibility for the practical implementation of the internal audit.

The Group has all the internal control reporting systems required for financial management and monitoring business development. The reporting systems produce monthly financial data, so that financial management can ensure compliance with the parent company's approved instructions on matters such as authorisation.

The Group's auditor and the auditors of each subsidiary evaluate the effectiveness of the internal control system both in connection with the external audit and through spot checks throughout the financial year.

AUDIT 2016

The auditor elected by the AGM is responsible for Biohit's statutory audit. According to the Articles of Association, the company must have one auditing body approved by the Central Chamber of Commerce. Biohit's auditor in 2016 was authorised public accountants PricewaterhouseCoopers Oy, with Pasi Karppinen, Authorised Public Accountant, as chief auditor.

Auditors' fees

The Group's invoiced auditors' fees for the 2016 financial period totalled EUR 42,000 (EUR 52,000 in 2015). The auditors' fees of subsidiaries totalled EUR 11,000 in the financial period (EUR 9,000 in 2015). In addition to this, PricewaterhouseCoopers Oy was paid a total of EUR 52,000 for other services (EUR 6,000 in 2015).

INSIDERS

Biohit applies the Guidelines for Insiders approved by Nasdaq Helsinki Ltd, as well as any relevant amendments.

Biohit's President & CEO is responsible for insider control. He ensures that people who handle insider information are aware of insider regulations and adhere to trading restrictions. Insiders are not allowed to trade Biohit Oyj securities for 30 days before the publication of the company's financial statement bulletin and interim reports. Insiders participating in projects are not allowed to trade shares in Biohit before an announcement has been made of the continuation or discontinuation of a project.

Information on the shareholdings of Biohit's insiders and their trading activity is available on Biohit's website at www.biohithealthcare.com/investors.
